PREFACE

This holdings list has been compiled over more than twenty years by graduate assistants under the direction of Yvette Scheven and Alfred Kagan in the Africana Unit of the University of Illinois Library at Urbana-Champaign. We are indebted to Rachel Dyal for volunteering to edit both editions. This second editon now includes material for the North African countries.

We have tried to include all periodicals published in and about Africa currently held in all units of the University Library. We also include some yearbooks and other annuals, but most government reports, statistical compilations, and indexes have been excluded. Within a listing, an asterisk (*) indicates a previous or subsequent title not held by the University Library.

Some earlier titles are not fully cataloged online on Illinet. Some of these older, discontinued titles may not be listed here. We hope to continue developing this list so that in time it will become more comprehensive.
